1. About Ellerston Capital Limited

Ellerston Capital is a specialist investment manager providing innovative benchmark independent equity strategies.

Ellerston Capital is passionate about investing, creating value for clients, identifying the best stocks and creating portfolios that perform. As a firm majority owned by its principals and employees, our client's objectives are our objectives.

Ellerston Capital has been managing money since 2002 and currently manages approximately \$5 billion as at the date of this PDS.

2. How the Ellerston Australian Share Fund works

Your investment in the Fund is pooled together with other investors' money. We use this pool to invest in our equity based strategy and manage them on behalf of all investors in the Fund according to the Fund's investment strategy. By investing in the Fund you benefit from the knowledge and expertise of our skilled investment managers. We have day-to-day control over the operation of the Fund.

The Fund is a unit trust and is governed by its Constitution. The Net Asset Value of the Fund is divided into classes of 'units' which represent a share of the pool of assets that make up the Fund. The prices for these units are generally calculated on a daily basis, and will change as the market value of assets in the class rises or falls. This PDS relates to Class A Units only and references to "Unit" in the PDS shall be references to Class A Units. The Fund has also issued other units which invest in the same portfolio as Class A Units and have identical terms except with respect to fees. These units are available to institutional clients.

When you make an investment in the Fund, we will allocate Units to you based on the Application Price for the relevant Transaction Day. When you redeem, we will redeem your Units based on the Redemption Price for the relevant Transaction Day. See "Processing" below for further details.

Application Prices are usually higher than Redemption Prices due to the Buy/Sell Spread. The Buy/Sell Spread is built into the Application Price and Redemption Price and represents your contribution to the costs of buying and selling the underlying assets in the Fund. See "Buy/Sell Spread" on page 5 for further details.

Unit prices are available at www.ellerstoncapital.com or by contacting Ellerston Capital on (02) 9021 7797. Ellerston Capital has documented how it intends to exercise unit pricing discretions in a policy document. The policy document is available to Unitholders free of charge by contacting Ellerston Capital.

The Fund is registered with the Australian Securities and Investments Commission (ASIC) as a managed investment scheme. ASIC takes no responsibility for this PDS or the operation of the Fund by Ellerston Capital.

The Fund is only available to investors within Australia who are "wholesale clients" as defined by the Corporations Act 2001 (Cth) unless otherwise approved by us.

Investing Indirectly in the Fund

If you invest indirectly in the Fund through an Investor Directed Portfolio Service, IDPS-like scheme or a nominee or custody service (collectively, IDPS), then you do not hold Units in the Fund and you have none of the rights of a Unitholder. Instead, the IDPS holds those Units on your behalf. Investing through an IDPS may result in different conditions applying from those referred to in this PDS including minimum investment, fees and other costs, cooling off rights, applications, redemptions and distributions and provision of statements. However, Indirect Investors will have access to Ellerston Capital's complaint resolution procedures to the same extent as if they were a Direct Investor. You should contact your financial adviser or IDPS operator for further information.

This PDS may be used as disclosure to persons who wish to access the Fund through an IDPS. If you wish to invest in the Fund through an IDPS, contact your IDPS for details regarding how to invest and how to redeem. This PDS must be read together with documents provided by the IDPS.

You should read the important information about how Indirect Investors acquire and dispose of Units in the Fund before making a decision. Go to the sections "Indirect Investors", "Application Form" and "Redemptions" in **section 2** entitled "Indirect Investors" of

“Additional Information to the Product Disclosure Statement” at [https:// www.ellerstoncapital.com/additionalinformation](https://www.ellerstoncapital.com/additionalinformation) EASF. The material relating to the acquisition and disposal of Units in the Fund by Indirect Investors may change between the time when you read this PDS and the day when you acquire the product.

Investing Directly in the Fund

Information regarding how to invest directly (as opposed to investing through an IDPS) is set out below.

Minimum Initial Investment

The minimum initial investment is \$25,000. We may in our absolute discretion waive or reduce this minimum requirement. In certain circumstances, we may reject an application or accept only part of an application. Refer to “Processing” below and page 7 for more information about the application process.

Additional Investments

The minimum additional investment is \$10,000. We may in our absolute discretion waive or reduce this minimum requirement. If you wish to invest more in the Fund, please send the Administrator or Ellerston Capital your written instructions with your payment. There is no need to complete an additional Application Form.

How to Redeem

Generally, you can redeem some or all of your investment by giving the Administrator written notice prior by 2:00pm (Sydney time) on a Transaction Day (or such other time as we may determine). A Transaction Day occurs each Business Day. See “Processing” below for further details.

The minimum redemption amount is \$10,000 unless otherwise approved by us. Redemptions will generally be paid to you within five Business Days of the transaction day. There may be circumstances where your ability to redeem on request from the Fund within the usual period is restricted. For example, there may be a freeze on redemption requests where we are unable to value the Fund’s assets due to financial market disruptions.

Processing Applications and Redemptions

Generally, if the Administrator receives a completed Application Form, including all related documents and application monies, by 2:00pm (Sydney time) on a Transaction Day (or such other time as we may determine), we will process the application using that Transaction Day’s Application Price.

Generally, if the Administrator receives a redemption request by 2:00pm (Sydney time) on a Transaction Day (or such other time as we may determine), we will process the redemption using that Transaction Day’s Redemption Price.

Application Forms or redemption requests received after the relevant cut-off time will generally be processed for the following Transaction Day. We may in our absolute discretion reject or decline to accept applications (in part or in full). Any interest payable on application amounts will accrue to the benefit of the Fund. Application amounts paid in respect of rejected or the scaled back portion of applications will be returned to investors without interest.

You should read the important information about how Direct Investors acquire and dispose of Units in the Fund before making a decision. Go to **section 3** entitled “Applications and Redemptions” of “Additional Information to the Product Disclosure Statement” at <https://www.ellerstoncapital.com/additionalinformationEASE>. The material relating to the acquisition and disposal of Units in the Fund by Direct Investors may change between the time when you read this PDS and the day when you acquire the product.

Distributions

If you invest in the Fund via an IDPS, you should contact your IDPS to find out how distributions may be paid to you.

Distributions will be calculated on a pro rata basis, by reference to the number of Units held. The distribution policy of the Fund is to distribute (where available) as soon as practicable after each half yearly period ending 30 June and 31 December (or otherwise as determined by us) the income of the Fund less expenses. Distributions from the Fund may comprise income and/or capital as determined by us under the Constitution. Unitholders may elect to reinvest distributions from the Fund (refer to the Application Form). If you do not make a choice, your distributions will be automatically reinvested. Units issued on reinvestment of distributions will generally be issued at the Net Asset Value per Unit (with no Buy/Sell Spread). We may, from time to time, distribute additional amounts where we believe it is appropriate.

You should read the important information about other features and benefits of the Fund before making a decision. Go to **section 6** of the “Additional Information to the Product Disclosure Statement” at <https://www.ellerstoncapital.com/additionalinformationEASF>. The material relating to the other features and benefits of the Fund may change between the time when you read this PDS and the day when you acquire the product.

4. Risks of Managed Investment Schemes

All investments carry risk. The likely investment return and the risk of losing money is different for each managed investment scheme as different strategies carry different levels of risk depending on the underlying mix of assets that make up each fund. Those assets with potentially the highest long term return (such as shares) may also have the highest risk of losing money in the shorter term.

The significant risks of the Fund are:

- **Market Risk:** The risk that the value of the Fund’s investments will fluctuate as a result of factors such as economic variables (including interest rates, unemployment, inflation and economic growth), market conditions and sentiment. Changes in government regulations (e.g. tax), local and international political events and environmental and technological issues may impact on the Fund’s ability to implement its strategy. Market risk may have different impacts on each type of asset, investment style and investor.
- **Security Specific Risk:** The risk that the price of shares in a particular company may be affected by the operational and financial circumstances of the issuer of those securities such as the state of their underlying businesses (including the level of debt they carry, the availability of debt financing and level of interest rates), their profits, earnings and cash flows.
- **Portfolio Risk:** The Fund may be relatively concentrated across a narrower list of securities, sectors, industries and geographies than the Benchmark and therefore may display higher volatility or be adversely affected by the unfavourable performance of any of those individual securities.

- **Fund Risk:** The success of the Fund depends upon our ability to develop and implement the Fund's investment strategy and identify investment opportunities that achieve the Fund's investment objective.
- **Distribution Risk:** The Fund is not designed for investors seeking regular income payments. There is no guarantee that any distributable income will be generated. In certain circumstances, Unitholders may be liable for tax on distributions even if they have not received any distribution in cash.
- **Derivatives Risk:** Derivatives have the potential to cause losses that are large in proportion to the money invested in them. The Fund's notional exposure to Derivatives will generally be limited to 10% of Net Asset Value.
- **Risk can be managed but it cannot be completely eliminated.** It is important to understand that:
 - the value of your investment will go up and down;
 - investment returns will vary and future returns may be different from past returns;
 - returns are not guaranteed and there is always the chance that you may lose money on any investment you make; and
 - laws affecting your investment in a managed investment scheme may change over time.

The appropriate level of risk for you will depend on your age, investment time frame, where other parts of your wealth are invested and how comfortable you are with the possibility of losing some of your money in some years.

You should read the important information about the significant risks of investing in the Fund before making a decision. Go to **section 5** entitled "Risks" of "Additional Information to the Product Disclosure Statement" at <https://www.ellerstoncapital.com/additionalinformationEASE>. The material relating to significant risks of investing in the Fund may change between the time when you read this PDS and the day when you acquire the product.

5. How We Invest Your Money

Warning: You should consider the likely investment return, risk and your investment time frame when choosing to invest into the Fund.

ELLERSTON AUSTRALIAN SHARE FUND					
INVESTMENT RETURN OBJECTIVE	The investment objective of the Fund over time is to outperform the Benchmark. The Fund aims to achieve this by investing in a concentrated portfolio comprising no more than 25 Australian listed securities. Where there is a lack of suitable investment opportunities or as a means of preserving capital, the Fund may hold up to 25% of its Net Asset Value in Cash.				
MINIMUM SUGGESTED TIME FRAME	At least five years				
BENCHMARK	S&P/ASX 200 Accumulation Index				
SUITABILITY	The Fund is intended to be suitable for investors with a medium to long term investment timeframe who are looking to invest in an actively managed concentrated portfolio of Australian listed securities.				
ASSET CLASSES AND ASSET ALLOCATION RANGES (DELTA EXPOSED)	<table border="0"> <tr> <td>Australian listed securities</td> <td>75 – 100%</td> </tr> <tr> <td>Cash</td> <td>0 – 25%</td> </tr> </table>	Australian listed securities	75 – 100%	Cash	0 – 25%
Australian listed securities	75 – 100%				
Cash	0 – 25%				
DESCRIPTION OF FUND	The Fund's investment philosophy is built around the assertion that the Australian sharemarket is at times inefficient and "dislocations" or mispricing opportunities frequently prevail across industries and in particular stocks. Through an active, "bottom-up" approach to stock selection, we seek to identify and then construct a concentrated portfolio made up of what we believe to be the best stock opportunities currently available in the Australian sharemarket. Stock selection for the Fund is not constrained by reference to its index weight or by any benchmark. Similarly we are not constrained by any "growth" or "value" style bias when evaluating investment opportunities. Investment opportunities for the Fund are identified by analysing and

	<p>understanding the factors affecting: business model, industry structure, management team and overall valuation.</p> <p>Amongst other factors, we generally tend to favour businesses that can sustain high returns or improve their return on capital and seek businesses with a market value below the value we attribute to them.</p>
RISK LEVEL	Medium to high. Medium to high risk of underperforming or outperforming the Benchmark in any year due to the Fund's concentrated approach to stock selection and benchmark unaware investment process.
FUND PERFORMANCE	Performance information for the Fund will be made available at www.ellerstoncapital.com .
PORTFOLIO GUIDELINES	<p>Investment Universe Australian listed securities (including dual listed securities), securities expected to list on a recognised Australian exchange within three months, or through American Depositary Receipts or similar instruments or Derivatives. The Fund may also invest in Cash.</p>
	<p>Number of positions 10 – 25 securities</p>
	<p>Market capitalisation Minimum market capitalisation of \$300 million at time of investment.</p>
	<p>Position limits Maximum company holding: 10% of the Net Asset Value of the Fund at the time of investment by the Fund.</p>
	<p>Derivatives Australian exchange traded Derivatives may be used so long as the notional Derivatives exposure of the Fund at any time does not exceed 10% of the Net Asset Value of the Fund. However, this limit may be exceeded on a temporary basis with the dominant purpose of managing financial risk arising from deferring a proposed dealing in another financial product that is not a Derivative (for example managing cash flows that result from applications or redemptions).</p>
	<p>The Fund will not short sell physical securities or borrow securities. Save where specified to the contrary, the above thresholds apply as at the date of the relevant investment. Where a threshold would be breached merely because of any appreciation in value (e.g. as a result of strong outperformance), depreciation in value, capital restructure, corporate action or similar event, the Fund will be rebalanced or reduced back to below that threshold within a reasonable timeframe.</p> <p>We may invest through funds with a substantially similar investment objective, philosophy and universe managed by us or an entity related to us. We will waive or set off additional management and performance fees payable in respect of such investments.</p>
LABOUR, ENVIRONMENTAL, SOCIAL AND ETHICAL CONSIDERATIONS	We do not take labour standards or environmental, social or ethical considerations into account when making investment decisions. Such issues may affect the financial performance of an investment and any such financial effect would influence our investments.
CHANGES TO FUND DETAILS	We have the right to change the Fund's investment return objective (including Benchmark), asset classes and asset allocation ranges and currency strategy (if any), without prior notice in some cases. We will inform investors of any material change to the Fund's details in your next regular communication or as otherwise required by law.

The risk level is not a complete assessment of all forms of investment risks, for instance it does not detail what the size of a negative return could be or the potential for a positive return to be less than the return an investor may require meeting their objectives.

You should read the important information about the Fund's investments before making a decision. Go to **section 1** entitled "Fund Investments" of "Additional Information to the Product Disclosure Statement" at <https://www.ellerstoncapital.com/additionalinformationEASE>. The material relating to the Fund's investments may change between the time when you read this PDS and the day when you acquire the product.

6. Fees and Costs

Did You Know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period.

(for example, reduce it from \$100,000 to \$80,000)

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the Fund or your financial adviser.

To Find Out More

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options. The calculator can also be used to calculate the effect of fees and costs on your investment.

This section provides summary information about the main fees and costs that you may be charged for the Class A Units. The fees and costs charged by the Class A Units may be deducted from your account, from the returns on your investment or from the class assets as a whole.

You should read all of the information about fees and costs because it is important to understand their impact on your investment.

You can use this information to compare the fees and costs with those of other simple managed investment schemes.

The fees and costs outlined in this PDS are for the Class A Units only.

If you are investing indirectly through an IDPS, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment.

Notes:

- All fees set out in this **section 6** are inclusive of the net effect of Goods and Services Tax (GST) (i.e. includes GST net of input tax credits). The Fund may not be entitled to claim a reduced input tax credit in all instances
 - You may also incur the Buy/Sell Spread when your money moves in or out of the Fund. Please refer to **section 6** "Buy/Sell Spread" for further details.
 - Management costs do not include the Fund's transactional and operational costs. These amounts include any other indirect costs and may vary in future years.
- * Fees in this PDS can be individually negotiated if you are a 'wholesale client' under the Corporations Act. If you invest via an IDPS, the operator may have negotiated a lower fee which may be passed onto you. Please contact your IDPS operator for further details.

WARNING: Additional fees may be paid to a financial adviser if a financial adviser is consulted. Please refer to statement of advice issued by your financial adviser which will provide details of the fees that may be payable.

All fees set out in this section are inclusive of the net effect of Goods and Services Tax (GST) (i.e. includes GST net of input tax credits). The Fund may not be entitled to claim a reduced input tax credit in all instances.

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for the Class A Units can affect your investment over a one year period. You should use this table to compare this product with other managed investment products.

Example	BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 ¹ DURING THE YEAR	
Contribution fee	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS	0.90% p.a. management fee	For every \$50,000, you have in the Fund you will be charged \$700 (comprising \$450 management fee, \$100 estimated performance fee, \$100 estimated expenses and \$50 estimated indirect costs) each year.
Management costs	0.20% p.a. estimated performance fee	
	0.20% p.a. estimated expenses	
	0.10% p.a. estimated indirect costs	
EQUALS		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during the year, you would be charged fees of \$700 (comprising \$450 management fee, \$100 estimated performance fee ² , \$100 estimated expenses and \$50 estimated indirect costs) .
Cost of Fund	1.40%	What it costs you will depend on the investment option you choose, the fees you negotiate and the performance of the Fund.

1. Please note the Fund has a minimum additional investment amount of \$10,000.

2. The example includes the performance fee estimate of 0.20%, which is calculated on the previous five years average of outperformance. Past performance is not a reliable indicator of future performance. In particular, the performance fee payable (if any) will depend on the performance of the Fund and any estimated or past performance fees may not be a reliable indicator of future performance fees of the Fund.

3. This example assumes the \$5,000 contribution occurs at the end of the year and therefore management costs are calculated using the \$50,000 balance only. The additional management costs would be \$70 (comprising \$45 of management fee, \$10 estimated performance fee², \$10 estimated expenses and \$5 estimated indirect costs) if you had invested the \$5,000 for the full 12 months. Additional fees may apply, including a Buy/Sell Spread.

Please note that this is just an example. In practice, your investment balance will vary, as will related management costs. Fee rebates may be individually negotiated with wholesale clients (as defined in the Corporations Act).

We may change the fees set out on this page (e.g. due to changes in economic conditions and size of the Fund) without the Unitholder's consent and Unitholders will be provided at least 30 days written notice of any change in these or other fees.

Buy/Sell Spread

The Buy/Sell Spread is effectively deducted from the Unitholder's application and redemption monies. This amount is currently 0.25%. For example, if you invested \$25,000 in the Fund the cost of your Buy/Sell Spread would be \$62.50. We may vary the Buy/Sell Spread from time to time and prior notice will not ordinarily be provided. Updated information on the Buy/Sell Spread will be posted on our website www.ellerstoncapital.com. This amount is paid to the Fund on account of our estimate of costs associated with buying and selling assets represented by the relevant application or redemption and is not paid to us. Such costs are, however, an additional cost to you and will impact on the return on your investment. Such costs could include estimated brokerage and stamp duties, taxes and other charges and expenses from buying or selling Fund investments. The amount is paid so as to mitigate any unfairness from an application or redemption affecting other Unitholders. Management Costs do not include the Buy/Sell Spread.

You should read the important information about fees and costs before making a decision. Go to **section 4** entitled "Additional Explanation of Fees and Costs" of "Additional Information to the Product Disclosure Statement" at

<https://www.ellerstoncapital.com/additionalinformationEASF>. The material relating to fees and costs may change between the time when you read this PDS and the day when you acquire the product.

7. How Managed Investment Schemes are Taxed

WARNING: Investing in a registered managed investment scheme is likely to have tax consequences and you are strongly advised to seek professional tax advice before investing.

Registered managed investment schemes generally distribute all of their income each year so that the fund is not subject to tax. Registered managed investment schemes generally do not pay the tax liability on behalf of Australian resident investors. As an investor, you will be assessed for tax on your share of the income and capital gains generated by the Fund. There is no guarantee that the Fund will generate income or capital gains during the year.

Because the Australian taxation system is complex and different investors have different circumstances, you are strongly advised to seek professional tax advice before investing in the Fund.

8. How to Apply

To invest in the Fund via an IDPS, you will need to contact your IDPS and complete the relevant application form and any other document required by the IDPS. You will also need to contact your IDPS in relation to making any additional contributions to your investment.

To invest directly, applicants should complete the Application Form accompanying the PDS. The Application Form is also available from www.ellerstoncapital.com. Details of where to send your completed Application Form, customer identification documents and application monies are on the Application Form. The offer made in this PDS is only available to persons receiving this PDS (electronically or otherwise) within Australia. Applications from outside Australia will not be accepted unless otherwise determined by Ellerston Capital. See page 3 for more information on how applications are processed.

If you are a retail client (as defined in the Corporations Act) investing directly in the Fund, you have a 14 day cooling-off period to confirm that the investment meets your needs. If you wish to exercise your cooling-off rights, provide a written redemption request within 14 days of the earlier of confirmation by us of your initial investment in the Fund or the fifth Business Day after the Units are issued. The monies returned will be equal to the price at which Units could be applied for on the day we receive the redemption request (adjusted for market movements, reasonable transaction and administration costs and any applicable taxes). This cooling off right does not apply for investments under the Fund's reinvestment plan or for wholesale clients (as defined in the Corporations Act). Indirect Investors should consult their IDPS operator about what cooling off rights (if any) may apply.

If you have a complaint, please notify Ellerston Capital's Company Secretary. We will acknowledge your complaint immediately, and will investigate complaints and provide a final response to the complaint within 45 days of receipt of the complaint. If you are a retail client and believe that your matter has not been dealt with satisfactorily, you can contact the Financial Ombudsman Service by calling 1300 780 808.

Important Information

The information in this document forms part of the Product Disclosure Statement (**PDS**) for Class A Units in the Ellerston Australian Share Fund (**Fund**, ARSN 135 591 534) dated 18 December 2017. This document provides additional information about topics under the prescribed sections of the PDS. This document and the PDS contain important information you should consider before making an investment decision in relation to the Fund. We may update this document from time to time in accordance with the Fund Constitution and the law. The updated document will be available on our website, www.ellerstoncapital.com, and you can also obtain a copy free of charge upon request. You should keep a copy of this document and any updates to it for your reference.

The information provided in this document and the PDS is general information only and does not take into account your personal financial situation or needs. Ellerston Capital is the issuer of this document and the PDS. You should consider whether the information in this document and the PDS is appropriate for you in light of your objectives, financial situation and needs. To obtain advice or more information about the product offered in the PDS you should speak to an Australian Financial Services Licensee or an authorised representative. This document and the PDS relate to Class A Units only and references to "Unit" in the PDS shall be references to Class A Units. The Fund has also issued other units which invest in the same portfolio as Class A Units and have identical terms except with respect to fees. These units are available to institutional clients.

Except as otherwise stated, defined terms in this document have the same meaning as set out in the PDS.

SECTION 1: FUND INVESTMENTS

The following text contains further information on the Fund's investments and should be read in conjunction with the PDS.

Investment Universe

The investment universe of the Fund includes all Australian listed securities (including dual listed securities). The Fund may also invest in securities that are expected to list on a recognised Australian exchange within three months of the Fund's investment. Additionally, the Fund may invest in Australian listed securities through American Depositary Receipts (for example, BHP Billiton American Depositary Receipts) or similar instruments. The Fund may also invest in Cash and gain or reduce its investment exposure through the use of Derivatives.

For liquidity reasons, stocks with a market capitalisation at the time of investment of less than \$300 million will be excluded from the investment selection process. The Fund is typically biased away from the top 20 Australian listed securities by market capitalisation.

Derivatives

Australian exchange traded Derivatives, such as futures and exchange traded options, may be used so long as the notional Derivatives exposure of the Fund at any time does not exceed 10% of the Net Asset Value of the Fund. However, this limit may be exceeded on a temporary basis with the dominant purpose of managing financial risk arising from deferring a proposed dealing in another financial product that is not a Derivative (for example managing cash flows that result from applications or redemptions).

SECTION 2: INDIRECT INVESTORS

The following text contains further information about how Indirect Investors acquire and dispose of Units in the Fund and should be read in conjunction with the PDS. For information on how Direct Investors acquire and dispose of Units in the Fund, see Section 3 of this document.

Indirect Investors

As an Indirect Investor, you may rely on and are authorised to use the information in this PDS to direct the operator of the IDPS to invest in the Fund on your behalf. An Indirect Investor does not become a Unitholder in the Fund. Accordingly, an Indirect Investor does not acquire the rights of a Unitholder or acquire any direct interest in the Fund. The operator or manager of the IDPS acquires these rights (including the right to vote at meetings) and can exercise, or decline to exercise them, on behalf of the person according to the arrangements governing the IDPS. However, Indirect Investors will have access to Ellerston Capital's complaint resolution procedures to the same extent as if they were a Direct Investor. A person who invests in the Fund through an IDPS should ignore information in this PDS that is relevant only for Direct Investors. This includes information relating to the following:

Application Form

A person investing in the Fund through an IDPS should not complete the Application Form accompanying the PDS. An Indirect Investor should complete the application form supplied by the operator of the IDPS. Refer to your IDPS operator for the minimum investment amount that may apply to an investment in the Fund through an IDPS.

Information

An Indirect Investor will not receive statements, tax information or other information directly from us. An Indirect Investor should receive equivalent information from the operator of the IDPS.

Redemptions

Provisions which relate to redemptions from the Fund will apply to the operator of the IDPS and not the Indirect Investor. Refer to your IDPS operator for the information regarding redemptions.

Fees and Expenses

Fees and expenses applicable to the IDPS (and set out in the IDPS offer document or client agreement) are payable in addition to the fees and expenses stated in the PDS.

Tax

Taxation consequences of investing in the Fund outlined in the PDS does not address the treatment of Indirect Investors. You should consult your tax adviser in relation to investing through an IDPS.

Cooling off

Indirect Investors should consult their IDPS operator about what cooling off rights (if any) may apply.

SECTION 3: APPLICATIONS AND REDEMPTIONS

The following text contains further information on how Direct Investors acquire and dispose of Units in the Fund and should be read in conjunction with the PDS. For information on how Indirect Investors acquire and dispose of Units in the Fund, see Section 2 of this document.

How to Apply for Units

Units in the Fund are available for issue under the PDS. To invest in the Fund you must complete the Application Form accompanying the PDS.

Subject to the Fund remaining open, applicants may apply for Units and Unitholders may apply for additional Units in the Fund.

The minimum initial investment amount is \$25,000 and the minimum additional investment amount is \$10,000. Ellerston Capital may in its absolute discretion waive or vary these minimum requirements.

If the Administrator receives a completed Application Form, including all related documents and application monies, by 2:00pm (Sydney time) on a Transaction Day (or such other time as we may determine), we will process the application using that Transaction Day's Application Price. We may in our absolute discretion waive this notice requirement. A Transaction Day occurs each Business Day.

Application Forms received after the relevant cut-off time will generally be processed for the following Transaction Day. Incomplete Application Forms will be processed once we have received correct documentation. We may from time to time allow additional dates for accepting applications.

Application Acceptance and Interest

To ensure the Fund remains efficient and competitive, we may in our absolute discretion reject or decline to accept applications (in part or in full) and may close the Fund to further investment where it believes the Fund has reached capacity.

Any interest payable on application amounts will accrue to the benefit of the Fund. Application amounts paid in respect of rejected or the scaled back portion of applications will be returned to investors without interest.

How to Redeem your Units

You can redeem some or all of your investment by giving the Administrator written notice prior by 2:00pm (Sydney time) on a Transaction Day (or such other time as we may determine). A Transaction Day occurs each Business Day.

The minimum redemption amount is \$10,000 unless otherwise approved by us. Redemption requests may be restricted or a Unitholder's Units may be redeemed in its entirety if the processing of a redemption request would result in the Unitholder holding less than \$25,000 of Units.

Redemptions of Units will be processed using the Redemption Price at the relevant Transaction Day provided the request is received before the relevant redemption cut-off time for that Transaction Day.

Redemption requests received after the relevant cut-off time will generally be processed for the following Transaction Day.

Incomplete redemption requests will be processed once we have received correct documentation. We may from time to time allow additional dates for accepting redemptions.

Redemptions will generally be paid to you within 5 Business Days from the transaction day however the Fund's Constitution provides that it may take up to 90 days from the Transaction Day until you receive your redemption proceeds.

Restrictions on Redemptions

Provided the Fund is "liquid" (within the meaning given to that term in the Corporations Act), no redemptions, or payment of redemption proceeds, shall be permitted where redemptions are suspended. Redemptions may be suspended for up to 120 days including where:

- it is impracticable or impossible to calculate the Net Asset Value of the Fund, for example, because of financial market disruptions or closures.
- the payment of redemption proceeds involves realising a significant portion of Fund assets which would, in the opinion of Ellerston Capital, result in remaining Unitholders bearing a disproportionate amount of tax or expenses, or suffering any other disadvantage or diminution of the value of Units held.
- Ellerston Capital reasonably considers it to be in the interests of Unitholders, or it is otherwise permitted by law.
- the Fund is being wound up.

Where the Fund is not Liquid

The redemption process, including the calculation of the Redemption Price, described above applies only when the Fund is "liquid". Where the Fund ceases to be liquid, Units may only be redeemed pursuant to a withdrawal offer made to all Unitholders in the Fund in accordance with the Constitution and the Corporations Act.

SECTION 4: ADDITIONAL EPLANATION OF FEES AND COSTS

The following text contains further information about the fees and costs that you may be charged for investing in the Fund along with further information about the additional fees and costs that could apply to your investment. This information should be read in conjunction with the PDS.

The fees and costs outlined in the PDS and this document are for the Class A Units only.

WARNING: Additional fees may be paid to a financial adviser if a financial adviser is consulted. Please refer to statement of advice issued by your financial adviser which will provide details of the fees that may be payable.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

If you are investing indirectly through an IDPS, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment. If you consult a financial adviser you may also pay an additional fee that will be set out in the statement of advice between you and your adviser.

Additional Explanation of Fees and Costs

GST

All fees set out in this Section 4 are inclusive of any applicable Goods and Services Tax (GST) and net of input tax credits (unless otherwise stated). The Fund may not be entitled to claim an input tax credit in all instances.

Management Costs

The Management Costs, which are estimated to be 1.4% of the Net Asset Value of the Class A Units (\$350 per \$25,000), comprise the ongoing Management Fee and expenses, estimated Indirect Costs and Performance Fee.

Management Costs are deducted from the Class A Units (i.e. they are not charged directly to the Unitholder's account). The Management Costs do not include the Buy/Sell Spread.

Management Fee

The Management Fee is 0.90% p.a. of the Net Asset Value of the Class A Units (\$225 per \$25,000). The Management Fee is the fee we charge for overseeing the operations of the Fund and managing the assets of the Fund. The Management Fee is payable monthly in arrears. The Management Fee is reflected in the Unit price. The Management Fee can be individually negotiated if you are a 'wholesale client' under the Corporations Act by contacting Ellerston Capital on (02) 9021 7797 or your financial adviser.

Expenses

All costs or general expenses reasonably and properly incurred in the proper performance of its duties by us in connection with the management of the Fund are payable out of the Fund. We are responsible for providing all office personnel, office space and office facilities required for the performance of its services. The Fund bears all other expenses incidental to its operations, including, but not limited to, fees payable to the Fund's service providers (e.g. administrator and custodian); taxes imposed on the Fund or us (in our capacity as responsible entity of the Fund); governmental charges and duties; the Fund's advisers (e.g. legal, accounting and audit); and printing and distributing the PDS, subscription materials, marketing materials and any reports and notices to Unitholders or prospective Unitholders. The total of these ongoing expenses is estimated at 0.20% p.a. of the Fund's Net Asset Value of the Class A Units (\$50 per \$25,000). However, the actual ongoing expenses may be higher than this estimate. The Fund may also incur unanticipated expenses arising from its business, such as litigation and indemnification expenses. Government fees, duties and bank charges may also apply to investments and redemptions and be deducted from application monies or redemption proceeds.

All costs or expenses incurred (or that will be incurred) by us in connection with the offer of Units are payable out of the Fund and we may choose to include in the assets of the Fund deferred establishment costs for Unit pricing purposes. These costs have been included in the above estimate of expenses.

Performance Fee

Ellerston Capital is entitled to a Performance Fee for outperforming the Benchmark. The Performance Fee is a way of providing an incentive for us to strive to continually produce returns above the Benchmark.

The Performance Fee is equal to 15% of the amount by which the accumulated investment return of the Class A Units exceeds the accumulated return of the Benchmark during each year to 30 June (**Calculation Period**). We estimate the Performance Fee to be 0.20% p.a of the Net Asset Value of Class A Units.

If the Class A Units underperforms against the Benchmark during a Calculation Period, a Performance Fee will not be paid. Any underperformance will be carried forward to the following Calculation Period and must be recouped before any Performance Fees can commence to accrue or be paid.

The Performance Fee is accrued in the Unit price. The Performance Fee is payable at the end of each Calculation Period. Ellerston Capital may alter the Calculation Period. We will notify you of any change to the Calculation Period.

The investment return is based on the positive or negative change in the Net Asset Value of the Class A Units. The investment return is calculated after deducting Management Fees but before any accrued Performance Fees and income and capital distributions. Further adjustments may be made for subscriptions and redemptions and capital restructures.

The investment return and the Benchmark return are calculated at the end of each Business Day and are accumulated.

Ellerston Capital has no obligation to restore to the Fund Performance Fees previously earned and paid, notwithstanding a loss in a subsequent Calculation Period. Where Units are redeemed during a Calculation Period, any accrued Performance Fees in respect of those Units may become due and payable to us. If we are removed as responsible entity of the Fund before the end of a Calculation Period, then the Performance Fee will be calculated and paid as though the date of removal were the end of the Calculation Period.

The Performance Fee is calculated on the performance of the Class A Units and not the performance of an individual Unitholder's investment. As a result, the actual Performance Fee payable on the Unitholder's investment in the Class A Units may be affected by the timing of that person's applications and redemptions or by Unitholders as a whole. The Performance Fee can be individually negotiated if you are a 'wholesale client' under the Corporations Act by contacting Ellerston Capital on (02) 9021 7797 or your financial adviser.

The Benchmark is the S&P/ASX 200 Accumulation Index.

Worked example of the Performance Fee.

The example that follows is for the purpose of illustrating how Performance Fees may be calculated only.

The example assumes that the investment return of the Class A Units and the Benchmark is steady during the course of the Calculation Period. In reality, the investment return of the Fund and the Benchmark will vary during the course of the Calculation Period. The example also assumes that no subscriptions or redemptions are made during the Calculation Period.

Importantly, the example assumes the investment return of the Class A Units has exceeded the return on the Benchmark. Note that the investment return of the Class A Units and the Benchmark is for illustrative purposes only and is not an indication of future performance. Future performance may differ from that used in this example.

The value of your Class A Units at the beginning of a Calculation Period is \$100,000 and at the end of the Calculation Period is \$102,676.

The Class A Unit's investment return for the Calculation Period is 2.68%, namely $2.68\% \times \$100,000 = \$2,676$. The return on the Benchmark is 1.5%, namely $1.5\% \times \$100,000 = \$1,500$

The Performance Fee is $15\% \times (\$2,676 - \$1,500) = \$176$

For each \$25,000 that you have invested in Units at the beginning of the Calculation Period, you would have earned \$669 and been charged \$44 in Performance Fees.

Indirect Costs

In general, indirect costs are any amounts that reduce the returns on the units that is paid from, or the amount or value of, the income or assets of the Fund (including an underlying investment of the Fund). Indirect costs are reflected in the unit price of your investment in the Fund.

The fee table shows the Manager's estimate of such costs.

Transactional and Operational Costs

The Fund may incur transactional and operational costs such as brokerage, settlement, exchange fees and clearing costs. Transactional and operational costs are additional costs to Unitholders that are deducted from the assets of the Fund. Such costs are recovered as they are incurred and reflected in the Unit price. Transactional and operational costs may vary as the turnover in the underlying assets may change substantially as investment and market conditions change, which may affect the level of transactional and operational costs. Further, there are highly variable drivers upon which such transactional and operational costs are dependent.

The Manager estimates that the transactional and operational costs of the Fund to be 0.26% pa.

Separately, any additional transactional and operational costs incurred as a result of Unitholders coming into and out of the Fund may be accounted for in the Buy/Sell spread.

Buy/Sell Spread

An amount equal to 0.25% is effectively deducted from the Unitholder's application and redemption monies. For example, if you invested \$25,000 in the Fund, the cost of your Buy/Sell Spread would be \$62.50. This amount is paid to the Fund on account of our estimate of costs associated with buying and selling assets represented by the relevant application or redemption and is not paid to us. Such costs are, however, an additional cost to you and will impact on the return on your investment. Such costs could include estimated brokerage and stamp duties, taxes and other charges and expenses from buying or selling Fund investments. The amount is paid so as to mitigate any unfairness from an application or redemption affecting other Unitholders. No buy spread is payable on the initial issue of Units. Management Costs do not include the Buy/Sell Spread. We may vary the Buy/Sell Spread from time to time and prior notice will not ordinarily be provided. Updated information on the Buy/Sell Spread will be posted on our website www.ellerstoncapital.com.

Fee Waiver or Deferral and Issue of Units

Ellerston Capital, in its sole discretion, may waive or defer the payment of all or part of its Management Fee and/or Performance Fee either generally or for certain Unitholders. Ellerston Capital may, where permitted under the law, charge fees on a different basis to certain associates of us and Unitholders that are wholesale clients (as defined under the Corporations Act) or who make a substantial investment in the Fund or other of the Manager's investment products. We may elect to receive part of its Management Fee and/or Performance Fee in the form of Units in the Fund. Any Units issued to us will be at the Application Price for those Units applicable at that time.

Fee Maximums and Changes to Fees

Ellerston Capital is entitled under the Constitution to charge a Contribution Fee and a Withdrawal Fee of 5%, a Management Fee of 2.5% per annum and a Performance Fee of 20% per annum (each exclusive of GST). Ellerston Capital has elected to waive or reduce these fees for Class A Units to the levels shown on page 3 of this document. The Constitution does not provide for Ellerston Capital to charge a Switching Fee or Termination Fee. Ellerston Capital may, however, within the bounds of the Constitution, elect to change these fees (e.g. due to changes in economic conditions and size of the Fund) without the Unitholder's consent and Unitholders will be provided at least 30 days written notice of any change in these or other fees.

Distributor Remuneration

The Fund's distributors may receive a commission from the Management Costs. Commissions are incorporated into the Management Costs and are paid by us and are not an extra amount paid from the Fund nor are they an amount the Unitholder pays.

We may provide additional remuneration and other benefits to distributors indirectly by paying them additional amounts (such as marketing support payments) and/or non-monetary benefits (such as business and technical support, professional development services and conferences). If these amounts or benefits are provided, they are payable out of the fees and costs we are entitled to receive and are not an additional cost to you.

SECTION 5: RISKS

The following text contains further information about other features and benefits of the Fund and should be read in conjunction with the PDS.

An investment in the Fund involves risk, including the risk that the value of the Fund's investment could fall and that distributions could be lower than expected or not paid at all. No guarantee or representation is made that the Fund will be successful, that the capital value will grow or be maintained, or that there will be any distributions.

Please be aware that the investment program is Benchmark unaware and concentrated and hence may result in volatile returns. There can be no assurance that the Fund's investment objective will be achieved. Investors should consider any investment in the Fund as a supplement to an overall investment portfolio and should invest only if they are willing to undertake the risks involved.

Prospective investors should consider and understand the risks in determining whether an investment in the Fund is suitable for them. While it is not possible to identify every risk relevant to investing in the Fund, the summary below lists some of the significant risks associated with investing in the Fund. Investors should read this PDS in full and consult their financial adviser or other professional adviser before deciding whether to invest in Units.

Significant Risks Applicable to the Fund

Investment Risk

Like most investments, the investment returns of the Fund may be subject to economic variables (including interest rates, unemployment, inflation and economic growth), market conditions, factors impacting particular investments and government policy. These factors are generally beyond the control of Ellerston Capital.

Investments made by the Fund in securities can fall in value due to the operational and financial circumstances of the issuer of those securities such as the state of their underlying businesses (including the level of debt they carry, the availability of debt financing and level of interest rates), their profits, earnings and cash flows.

The vast majority of listed entities have certain levels of debt to carry out and expand their operations. The level of interest rates payable on that debt, and the availability of debt financing (including to refinance existing borrowings), can have a significant effect on the returns those entities provide to their investors and even on their solvency. In particular, entities could be adversely affected by the lack of availability of debt financing.

Diversification

The Fund is not subject to strict parameters with respect to diversification of its investments. The Fund may be concentrated across a narrower list of securities, sectors, industries and geographies than the Benchmark and therefore the return of the Fund may display higher volatility or be adversely affected by the unfavourable performance of any of those individual securities. The Fund's returns may be volatile compared to the Benchmark return given the concentrated nature of the portfolio.

Manager Risk

The success of the Fund depends upon the ability of Ellerston Capital to develop and implement its investment strategy and identify investment opportunities that achieve the Fund's investment objective. The investment performance of the Fund is dependent on the talents, contacts and efforts of a number of key personnel within Ellerston Capital. There is a risk that one or more of these key personnel may depart and cannot be appropriately replaced and this could adversely affect the ability of Ellerston Capital to achieve the investment objective of the Fund.

Distributions

As a Unitholder you may not receive distributions when you expect them or in the way you have asked for them to be paid. The Fund is not designed for investors seeking regular income payments. There is no guarantee that any distributable income will be generated. In certain circumstances, Unitholders may be liable for tax on distributions even if they have not received any distribution in cash.

Derivatives Risk

Derivatives have the potential to cause losses that are large in proportion to the money invested in them. The Fund could suffer significant losses where it has a short position and the value of the underlying asset increases. In addition, the Fund will be exposed to the risk that the other party to the Derivatives instrument may not be able to fulfil their obligations to the Fund (e.g. due to insolvency). The Fund's net exposure to Derivatives will generally be limited to 15% (Delta Exposed) of Net Asset Value.

Risk Management

Ellerston Capital has risk management processes in place including:

- undertaking research on individual investments to the best of our ability.
- actively monitoring the Fund's exposure.
- the use of portfolio guidelines, compliance policy and procedures.
- obtaining accounting, legal and tax advice in conducting the affairs of the Fund and completing our reporting obligations.
- maintaining a compliance plan (which is audited each year) and a compliance committee for the Fund which monitors compliance of the Fund with its Constitution and the law.

SECTION 6: ADDITIONAL INFORMATION

Transfers

If you invest in the Fund via an IDPS, you should contact your IDPS to find out how you can transfer your investment.

For Direct Investors, Units may not be sold, transferred or otherwise disposed, directly or indirectly, without our prior written consent (which may be granted, on certain terms and conditions, or delayed or withheld in our sole and absolute discretion). Transfer requests should be made in writing to the Fund's administrator. Ellerston Capital may require prescribed transfer documentation to be completed by the transferor including without limitation the completion of an Application Form. Any Units sold or transferred without such consent may be compulsorily redeemed by us in its absolute discretion. A transfer of Units involves a disposal of Units, which may have tax implications. Stamp duty may also be payable on the transfer unless an exemption applies. You should obtain tax and stamp duty advice before requesting a transfer.

Valuations

The Gross Asset Value is the total value of trust property of a class less the trust liabilities for that class. The Net Asset Value per Unit of a class is the Net Asset Value for that class divided by the number of Units in issue in that class. This is used to determine the Application Price and Redemption Price for Units of the Fund. The Application Price and Redemption Price of Units will be adjusted for the Buy/Sell Spread. We may from time to time issue additional classes of Units.

We delegated to the Fund's administrator the determination of the Net Asset Value and the Net Asset Value per Unit for each class. In determining the Net Asset Value and the Net Asset Value per Unit, the Fund's administrator will follow the valuation policies and procedures adopted by the Fund as set out in the Constitution.

Units will typically be priced daily except where the calculation of the Net Asset Value of the Fund is suspended.

Unit prices will be available at www.ellerstoncapital.com or by contacting us on (02) 9021 7797.

Material Documents

Constitution

The operation of the Fund is governed by law and the Constitution of the Fund. The Constitution (including any amendments) has been lodged with ASIC. The Constitution is available free of charge by contacting us.

The Constitution contains a number of provisions relating to the rights, terms, conditions and obligations imposed on both Unitholders and Ellerston Capital.

A number of provisions in the Constitution are discussed elsewhere in the PDS. The following are some key matters covered by the Fund's Constitution:

- the nature of Units and the rights which attach to those Units.
- how we or a custodian will hold the assets of the Fund;
- our powers.
- our entitlement to be paid fees.
- how the Net Asset Value of the Fund will be calculated.
- how the Manager will treat applications for Units, including our discretion to refuse applications for Units in whole or in part at its discretion.
- our ability to refuse transfers of Units or switching between classes in certain circumstances.
- the procedure, for and the timing of, the issue of Units.

- our ability to accumulate part or all of the income in the Fund in a financial year and our ability to allocate income, deductions and credits to particular classes of Unitholders.
- the reinvestment of distributions of income by the Fund.
- Unitholders' rights in relation to distributions (and how we determine the distribution amount).
- the convening of, and attending and voting at, any Unitholder meetings and the binding nature of resolutions on all Unitholders.
- our retirement as responsible entity and the appointment of a new responsible entity of the Fund.
- how we will deal with Unitholder complaints.
- the termination of the Fund. The trust terminates at the earlier of 80 years less one day and Ellerston Capital determining to terminate the trust by written notice to Unitholders. The Constitution governs the procedure to be followed by us on the termination of the Fund.

The Constitution also includes specific provisions covering the following matters which are not explained elsewhere in this PDS:

Compulsory Redemption

Ellerston Capital may, in its absolute discretion, upon a minimum of three days notice to a Unitholder, redeem all or a portion of Units held by such Unitholder in its absolute discretion if we believe:

- the Units are held in breach of prohibitions contained in the Constitution.
- the Units are held in circumstances which might result in a violation of an applicable law or regulation (including by us), or subject the Fund to taxation or otherwise adversely affect the Fund in any material respect.
- a Unitholder made a misrepresentation in acquiring its Units.
- a Unitholder is a registered holder of Units having a Net Asset Value of less than \$25,000.
- the continued participation of a Unitholder might cause us or any Unitholder to violate any law or if any litigation is commenced or threatened against us or any Unitholder arising out of the participation by the Unitholder in the Fund.

Ellerston Capital's and Compliance Committee's Indemnity and Liability

Ellerston Capital is entitled to be indemnified under the Constitution, subject to the law, for all amounts incurred by it in the proper performance of its duties. Ellerston Capital's liability to Unitholders is limited to Ellerston Capital's ability to be indemnified from the Fund subject to the law and Ellerston Capital acting without fraud, gross negligence or breach of trust involving a failure to show the required degree of care and diligence. Ellerston Capital has the ability to make deductions from payments to satisfy liabilities owing to us. The members of the compliance committee are also entitled to be indemnified under the Constitution for liabilities incurred in good faith in the proper performance of their duties.

Investor Liability

The liability of a Unitholder to the Fund is generally limited to the amount subscribed, or agreed to be subscribed, for Units and any tax payable in respect of their Unitholding. The effectiveness of these provisions has not yet been determined by an Australian court.

Amending the Constitution

Ellerston Capital may amend the Constitution. While the Fund is a registered managed investment scheme, any amendment must be approved at a meeting of Unitholders (if required by the Corporations Act).

Communication and Reporting

If you invest in the Fund via an IDPS, you should contact your IDPS to find out the information you will receive regarding your investment.

Anti-Money Laundering

Ellerston Capital is required to comply with the Anti-Money Laundering and Counter Terrorism Financing Act 2006 (Cth) (AML/CTF Law). We may require you to provide personal information and documentation in relation to your identity when you purchase Units in the Fund. We may need to obtain additional information and documentation from you when undertaking transactions in relation to your investment.

We may need to identify:

- an investor (including all investor types noted on the Application Form) prior to purchasing Units in the Fund. We will not issue Units until all relevant information has been received and your identity has been satisfactorily verified.
- your estate – if you die while you are the owner of Units in the Fund, we may need to identify your legal personal representative prior to redeeming Units or transferring ownership.
- anyone acting on your behalf, including your power of attorney.

In some circumstances, we may need to re-verify this information.

By applying to invest in the Fund, you also acknowledge that we may decide to delay or refuse any request or transaction, including by suspending the issue or redemption of Units in the Fund, if it is concerned that the request or transaction may breach any obligation of, or cause us to commit or participate in an offence under, any AML/CTF Law, and we will incur no liability to you if it does so.

Privacy

If you invest in the Fund via an IDPS, you should contact your IDPS to find out how your personal information is dealt with.

The Application Form accompanying this PDS requires you to provide personal information. Ellerston Capital and each service provider to us or Fund may collect, hold and use your personal information in order to assess your application, service your needs as a client or investor, provide facilities and services to you, us or the Fund and for other purposes permitted under the Privacy Act 1998 (Cth). Tax and company laws also require some of the information to be collected in connection with your application. If you do not provide the information requested, your application may not be able to be processed efficiently, or at all. Your information may also be disclosed to members of our corporate group and to their agents and service providers on the basis that they deal with such information in accordance with our privacy policy. We may need to disclose information about you to government entities and regulators as required by law.

Contact us if you do not want your personal information to be used for this purpose or to request a copy of your personal information held by us (or its registry provider).

Key Corporate Governance Policies

Related Party Transactions and Conflicts of Interests

Ellerston Capital has a related party transactions policy which acknowledges the requirement that related party dealings be on “arm’s length terms”, be approved by the members of the entity giving the benefit to the related party, or that an exemption applies to the transaction. The related party transactions policy sets out procedures designed to protect Unitholders’ interests and ensure that related party transactions are on “arm’s length” terms or otherwise comply with Corporations Act requirements. The Fund may acquire exposure to assets from other Ellerston Capital managed funds and, where it does so, this will be on an arm’s length basis.

Ellerston Capital has established internal policies and procedures to ensure that any conflicts of interest arising in relation to the Fund are adequately identified and appropriately managed. Where we consider that a particular conflict of interest is likely to have a materially adverse effect on Unitholders, we will seek to implement adequate arrangements to mitigate and prevent (where practicable) these adverse effects on Unitholders. We will resolve such conflicts of interest fairly and reasonably in accordance with the law, ASIC policy and our own procedures.

Deal Allocation Policy

Investment opportunities will generally be allocated to the Fund along with other funds and client accounts operated by Ellerston Capital having regard to factors that may include: investment objectives, investment strategy, portfolio guidelines, particular mandate requirements, risk profile and any other factors that we consider relevant.

Compliance Committee

A compliance committee has been appointed to monitor the Fund’s adherence with the compliance plan. The compliance committee comprises a majority of members who are independent of Ellerston Capital (one representative from Ellerston Capital and two external representatives). The independent members of the compliance committee are highly experienced and qualified individuals who are very familiar with the Ellerston Capital business. These persons have served on the other Ellerston Capital compliance committee continuously since 2005 and are responsible for monitoring all of Ellerston Capital’s other registered schemes.

What are FATCA and CRS? Some background

The US Foreign Account Tax Compliance Act (FATCA) and the Common Reporting Standard (CRS) are two ways in which a large number of governments are seeking the same thing – to improve global tax compliance. Both require financial institutions to capture relevant information on foreign taxpayers, as follows:

- FATCA promotes cross border tax compliance by US taxpayers, by implementing an international standard for the automatic exchange of information related to those taxpayers. Australia has entered into an inter-governmental agreement (IGA) with the US to implement FATCA in Australia, to be administered through the ATO. The AUS-USA FATCA IGA requires the ATO to obtain detailed account information for US citizens and/or taxpayers on an annual basis. The effect of this is that, to satisfy their FATCA obligations, relevant Australian financial institutions must identify any US taxpayers and report those taxpayers' financial account data to the ATO.
- CRS is a global reporting standard, developed by the OECD, for the automatic exchange of information (AEOI). Its goal is to allow tax authorities to obtain a clearer understanding of financial assets held abroad by their residents, for tax purposes. Over 96 countries have agreed to share information on residents' assets and incomes in accordance with defined reporting standards. Once again, this means that financial institutions around the globe must provide tax authorities with taxpayer financial account data, and the financial institutions must therefore collect this information from their customers and pass it on.

For more information go to www.linkmarketservices.com.au/corporate/FATCA and click on the links provided.
