Company Overview

SiteMinder is a cloud technology platform company for the hotel industry. The core products simultaneously connect hotels to booking websites and other distribution channels, enabling hotels to manage their inventory. It operates a subscription-as-a-service (SaaS) business model for clients. SiteMinder has grown to be the #1 hotel acquisition platform globally, with 35,000 subscription properties in +150 countries; with 7 offices, 850+ staff operating in 20+ countries serving 11 languages. For more information on SiteMinder, listen to our interview with CEO Sankar Narayan ([click here](#)).

Investment Thesis

SiteMinder is the market leading player in the channel management segment with a global sales footprint. There's one million potential customers in its target addressable market which represents a material opportunity to increase its penetration. Furthermore, SiteMinder is also building additional tools and applications for hotels to increase its share of spend in the segment.

Company Overview

Camms is an Australian based company, providing cloud products for the integrated risk management and performance management markets. The products integrate with other enterprise platforms to enable data collection for reporting and decision making. The company has two products ranked in the Gartner magic quadrant for their respective categories. The company has +50,000 users across five continents, with offices in Australia, Sri Lanka and UK.

Investment Thesis

Risk and compliance reporting segments are global and forecast to grow at mid-double digits in the next five years. The company already has an operational presence in UK and has commenced selling in the US on the back of its Gartner rating. Our investment enables the company to increase focus on sales & marketing.

Industry Focus: Disability and Aged Care
Business Model: Marketplace for Carers
Board Representative: Ashok Jacob, David Leslie

Company Overview

Mable is the leading marketplace platform for the "Home Care" sector, across both aged care and disability segments in Australia, connecting consumers with care workers. The key tailwind in the sector has been the shift in government policy to consumer directed spending and away from funding grants to care provider organisations. This shift means consumers and their families are actively looking for better value and personalised support, making Mable's platform appealing to a growing audience.

Investment Thesis

Mable has a first mover advantage in the provision of marketplace services for the aged care and disability sectors. The platform is leveraging technology to disrupt the traditional delivery of services by care providers in Australia. Total addressable market for the platform is \$10bn (of total \$42bn spent across these sectors) in September 2019.

Initial Investment: November 2020
Invested Amount: \$22.5m
Current Fair Value: \$22.5m
Securities: Preference Shares

Company Overview

Prospecta is a leading provider of data governance and master data management for enterprise clients, via its Master Data Online (MDO) platform, which is certified by both SAP and Salesforce. MDO's modules cover master data governance, data quality, supply chain logistics, workforce safety and partner collaboration. The business has more than 45 clients, including Visy, Optus, Dow Chemical, Hess, Mondelez and Fortescue & Brookfield.

Investment Thesis

The quality and control of data is gaining increasing importance amongst enterprises, particularly on the supply side. Prospecta is viewed as a domain expert in master data management, with a global addressable market and partners program to driver growth.

Initial Investment: December 2020
Invested Amount: \$37m
Current Fair Value: \$40m
Securities: Preference Shares

Industry Focus: Business / Data Analytics
Business Model: Enterprise Software
Board Representative: Toni Korsanos (Alternate: David Leslie)

Company Overview

Phocas is a leading cloud-based SaaS BI software specialising in business intelligence and data analytics for mid-market customers in the Distribution, Manufacturing and Retail sectors. The Company has a diverse customer base of +2,000 clients across countries and industries, with majority annual recurring subscription revenue.

Investment Thesis

Company is well positioned to deliver continued growth; via new products and features, expanding its partnerships with ERPs and exploiting its existing international footprint in the US and UK (which represent +70% of revenue). Management forecasts +30% growth, before the additional investment, which should accelerate growth.

Initial Investment: August 2021
Invested Amount: \$11m
Current Fair Value: \$11m
Securities: Preference Shares

Industry Focus: Financial Services
Business Model: Payment Platform
Board Representative: Justin Diddams

Company Overview

Azupay is an emerging payment service provider enabling consumers, businesses and government to make and receive instant and safe payments on a 24/7 basis from a bank account without the need for a debit or credit card. The Company's products are built on the New Payments Platform (NPP), recently launched as a modern alternative to existing payment methods like card schemes, BPAY and direct entry.

Investment Thesis

Against the backdrop of a regulatory-led shift to digital payments, Azupay is well positioned to leverage its first mover advantage in the real-time payments market. The Company's technology is built and operational with clear user benefits over legacy methods, and has an experienced management team capable of helping the Company deliver on its robust growth forecasts.

Initial Investment: September 2021
Invested Amount: \$30m
Current Fair Value: \$30m
Securities: Preference Shares

Industry Focus: Healthcare
Business Model: SaaS
Board Representative: David Leslie

Company Overview

Prospection provides Real World Evidence (RWE) empowering pharma companies and health care providers to make data-driven decisions. The Company uses complex health and pharma data, combined with its proprietary algorithms, to generate insights into patient outcomes across various diseases and treatments. Its subscription cloud based platform follows millions of de-identified patients over time to search for patterns in the health and treatment journey, and improve clinical outcomes.

Investment Thesis

Global pharma companies are increasingly turning to RWE to drive clinical and commercial use cases, while improving time and cost efficiencies. Prospection serves 17 of the Top 20 Global Pharma companies, and its foundation clients have been a significant driver of the business, pushing the business into new international markets.
