Company Overview

Fresh Clinics is a capital-lite business that provides an end-to-end solution for democratising clinic startup and ownership. Fresh provides numerous resources such as Electronic medical records platform, an operating platform, legal advice, free training, and more to generate savings and cheaper medical oversight.

Investment Thesis

Fresh has resonated in the Australian market, with around 14% share of 9.2k clinics in < 5 years. As they plan to expand to the US, they are tapping into a large and fast-growing medical aesthetics market, with a TAM of US\$5bn and 10% growth p.a. in volume terms due to trends in the aging population and rise of social media fuelling demand.

Securities: Ordinary Shares

Industry Focus: Disability and Aged Care
Business Model: Marketplace for Carers
Board Representative: Jayne Shaw, David Leslie

Company Overview

Mable is the leading marketplace platform for the "Home Care" sector, across both aged care and disability segments in Australia, connecting consumers with care workers. The key tailwind in the sector has been the shift in government policy to consumer directed spending and away from funding grants to care provider organisations. This shift means consumers and their families are actively looking for better value and personalised support, making Mable's platform appealing to a growing audience.

Investment Thesis

Mable has a first mover advantage in the provision of marketplace services for the aged care and disability sectors. The platform is leveraging technology to disrupt the traditional delivery of services by care providers in Australia. Total addressable market for the platform is \$33bn (Disability Support \$25bn + Aged Home Care \$8bn), out of which Mable has less than 1% penetration.

Initial Investment: November 2020

Company Overview

Prospecta is a leading provider of data governance and master data management for enterprise clients, via its Master Data Online (MDO) platform, which is certified by both SAP and Salesforce. MDO's modules cover master data governance, data quality, supply chain logistics, workforce safety and partner collaboration. The business has a global blue-chip customer base and is viewed as a domain expert in master data management, operating in a global addressable market of SAP clients, which face increasingly complex ERP environments.

Investment Thesis

The quality and control of data is gaining increasing importance amongst enterprises, particularly on the supply side. Prospecta's MDO modules cover master data governance, data quality, supply chain logistics, workforce safety and partner collaboration.

Initial Investment: August 2025
Invested Amount: \$45m

Industry Focus: AI Infrastructure
Business Model: Compute as a service
Board Representative: David Leslie

Company Overview

Firmus is an Australian company with an operating business (data centre) in Singapore and a site in Launceston (Tasmania), where it plans to build Australia's first GPU as a Service data centre ("AI factory"). The company operates a profitable AI cloud facility in Singapore in partnership with ST Telemedia Global Data Centres and the Singapore Government, currently delivering a run-rate EBITDA of \$35 million, and is now advancing its flagship project in Tasmania, Australia's first GPU-as-a-Service data centre ("AI factory").

Investment Thesis

The global A.I. boom is driving unprecedented demand for compute; demand for AI is seeing US\$5trillion+ of investment into data centres by 2030 (+125 GW). Firmus is a unique opportunity to invest in the growth of A.I., with the company already achieving several critical milestones, with proven track record operating a profitable A.I. factory in Singapore, with hyperscale clients and the strategic backing from a leading global tech company, securing priority access to A.I. chips.

Initial Investment: August 2021
Invested Amount: \$17m
Current Fair Value: \$25m
Securities: Preference Shares, Convertible Notes

Industry Focus: Financial Services
Business Model: Payment Platform
Board Representative: Justin Diddams

Company Overview

Azupay is an emerging payment service provider enabling consumers, businesses and government to make and receive instant and safe payments on a 24/7 basis from a bank account without the need for a debit or credit card. The Company's products are built on the New Payments Platform (NPP), recently launched as a modern alternative to existing payment methods like card schemes, BPAY and direct entry.

Investment Thesis

Against the backdrop of a regulatory-led shift to digital payments, Azupay is well positioned to leverage its first mover advantage in the real-time payments market. The Company's technology is built and operational with clear user benefits over legacy methods and has an experienced management team capable of helping the Company deliver on its robust growth forecasts.

Initial Investment: September 2021
Invested Amount: \$38m
Current Fair Value: \$20m

Industry Focus: Healthcare
Business Model: SaaS
Board Representative: Jayne Shaw

Company Overview

Prospection provides Real World Evidence (RWE) empowering pharma companies and health care providers to make data-driven decisions. The Company uses complex health and pharma data, combined with its proprietary algorithms, to generate insights into patient outcomes across various diseases and treatments. Its subscription cloud based platform follows millions of de-identified patients over time to search for patterns in the health and treatment journey and improve clinical outcomes.

Investment Thesis

Global pharma companies are increasingly turning to RWE to drive clinical and commercial use cases, while improving time and cost efficiencies. Prospection serves 17 of the Top 20 Global Pharma companies, and its foundation clients have been a significant driver of the business, pushing the business into new international markets.

Initial Investment: April 2023
Invested Amount: \$22m
Current Fair Value: \$40m

Industry Focus: Business Productivity
Business Model: SaaS
Board Representative: N/A

Company Overview

Nitro's Document Productivity Platform includes powerful PDF editing tools, digital workflows, highly secure eSigning and identity verification capabilities, which competes with tier-1 providers Adobe and DocuSign. Nitro has over 2.8 million licensed users and 14,000+ business customers across 179 countries, including over 62% of the Fortune 500.

Investment Thesis

Huge Greenfield opportunities in the SMB space: only 11% of SMBs use PDF editors (vs. 86% of Enterprise businesses). Tailwinds from companies shifting processes to online to drive more efficient processes and acceptance of eSignatures. The company is viewed as a better one-stop-shop solution (PDF productivity and eSignature), at a lower-price point (20-50% cheaper) and better customer service than peers.

Initial Investment: April 2024
Invested Amount: \$40m
Current Fair Value: \$40m
Securities: Preferred Equity & Convertible Notes

Industry Focus: Regulation & Compliance
Business Model: ID Verification Platform
Board Representative: Anthony Klok

Company Overview

Data Zoo is a global ID verification platform with blue-chip customers such as Stripe, PayPal, MoneyGram and eToro among others. Data Zoo's verification software provides direct access to data from 170+ countries, enhancing KYC/KYB compliance and fraud prevention, while emphasising data privacy & protection by eliminating identity data storage. With over 150 clients and a diverse mix of revenue across US, Europe, Asia and Australia, the business has now established itself as a credible alternative to incumbent ID verification services.

Investment Thesis

ID Verification is a large (\$20bn TAM) and fast-growing (+23% CAGR) market driven by a growing need to KYC clients with greater accuracy and ease, as well as reducing fraud. The primary capital will give the Company additional firepower to pursue new growth initiatives, upgrade the operational executives and continue to integrate the latest and deepest data sources and capabilities around ID verification.
